EDUCATION

Shenzhen College of International Education, Shenzhen, China

Unweighted GPA: 3.99 / 4.00 BTEC Business: three distinctions, Grade 10. Sports-equipment market-place concept, branding, and product strategy.

TECHNICAL SKILLS

R with dplyr, ggplot2 and fixest; multi-wave panel data preparation; fixed-effects regression with respondent-clustered standard errors; difference-in-differences and confidence-interval interpretation. Quarto papers and presentations, Markdown, GitHub Pages and JabRef.

RESEARCH AND WRITING SKILLS

Research design, comparative policy analysis, academic literature review, semi-structured interviewing, evidence-based writing, editing, and public speaking.

RESEARCH EXPERIENCE

Researcher, Horizon research — Grade 11

Nothing to Lose: Teenagers Who Never Held the Vote Declined as Much as Those Who Lost It. Used R and difference-in-differences to reanalyse German adolescent survey data. Found similar declines in external efficacy among the lost and never-eligible groups. The results do not isolate withdrawal from exclusion, and age differences limit causal interpretation. [Paper](#) | [Presentation](#)

Researcher, Comparative Vocational Education Policy — Grade 11

Compared China, the UK, and Germany using institutional theory. Reviewed 100+ sources and 20+ policy documents and authored a 24-page paper for AJOSR on curriculum equity, employer engagement, and workforce alignment.

Independent Researcher, Capitalism and Political Economy — Grade 11

Read Smith, Marx, and Harvey, produced 20,000+ words of annotated notes, and wrote two essays on merchants, public welfare, and alienated labor.

Independent Researcher, Foreign Aid and State Capacity — Grade 11

Synthesized 17 sources and compared aid programs using outcome evidence and Malawi-South Korea cases. Examined how institutional capacity shapes aid effectiveness.

Independent Researcher, Trade and Industrial Policy — Grade 11

Reviewed 15 sources and compared trade theory with FRED data and US-South Korea evidence on employment, wages, output, and investment.

Host and Researcher, Voices in Policy interview series — Grades 11-12

Conducted 20+ interviews with educators, NGO leaders, and professional athletes. Synthesized findings into a 3,000+ word paper on policy reform and vocational pathways.

LEADERSHIP AND EXTRACURRICULAR ACTIVITIES

House Captain, Shenzhen College of International Education — Grades 10-12

Led weekly events for 400+ students, coordinated faculty and student teams, and mentored juniors. Increased inter-house participation by 20%.

Vice President and Co-Founder, SCIE Soccer Club — Grades 10-12

Organized weekly leagues and tournaments for 200+ players across 16 high schools. Managed venues, referees, scheduling, and coaching sessions.

Founder and Head Instructor, SCIE Skiing Society — Grades 11-12

Negotiated a 90% resort discount and created tiered alpine lessons for 100+ students and teachers. Coordinated instruction and safety procedures.

Co-Founder, SCIE Curvasud — Grades 11-12

Organized football training and mentoring for 50+ children with welfare partners. Managed a TikTok account with 33,000+ followers and helped raise \$3,000+ for partner centers.

Founder and Host, SCIE Youth Forum on Education and Social Equity — Grades 10-12

Led 60+ discussions with 12-15 recurring members and produced 50+ podcast episodes. Built audiences of 800+ blog subscribers and 1,500+ listeners.

Founder and Managing Editor, SCIEscape — Grades 11-12

Led an editorial team publishing writing on politics, philosophy, and economics. Published 40+ student articles and engaged 15+ regular contributors.

Founder and Content Creator, Big Ideas in 60s — Grades 11-12

Created accessible TikTok videos explaining political theory, sociology, and education through questions, concepts, real-world examples, and discussion prompts.

Co-Founder and Platform Director, SkiTheWorld — Grade 12

Built a platform connecting skiers with camps, academies, and coaches. Curated programs, verified listings with providers, and designed discovery tools.

Certified Alpine Ski Instructor, ASIC Level 1 — Grades 9-12

Trained 50+ students across Chongli, Xinjiang, Hokkaido, Jungfrau, and Courchevel. Developed lesson progressions and taught technique and slope safety.

AWARDS AND HONORS

World Scholar's Cup, Yale round: eight gold medals and 26th internationally in debate, Grade 11.

Harvard International Review: Bronze Medal, Grade 11. John Locke Essay Competition: shortlisted in Philosophy, 2025, Grade 10. LAMDA Public Speaking: Grade 8 Distinction, Grade 9.
